## Affiliate Updates

Greetings from Mark Hoverson,

\*\*\*\*\*

Before we get started on this very important email, I just got back from a unique trip to Hawaii with my wife and two older kids. I made a 90-second video to share with you. GRN has allowed me to travel the world, write it off my taxes, and make great money at the same time. I know 100% that it can do the same for you if you wish. Take a peek at this video (hint, the horse my daughter fed those forest apples to was a wild horse in the deep Hawaiian jungle):

Okay, so now let's take a look at this important training.

I used to think that making a \$1K GRN commission was a big, scary process. Today, it's very simple. I made a short video demonstration of how I make these sales in the real world. It's only 5-minute long. But very detailed. Enjoy:

So to recap:

- #1- Get comfortable "demonstrating" the product.
- #2- Daily partake in personal development, so your leadership is attractive and powerful.
- #3- Realize that earning \$1K commissions is way easier than you think.

On a personal note, it's been curious to see sales coming in from Australia, Guam, the UK, and of course all over America too. Momentum continues to grow despite the normally "slow" summer months and "slow" economy.

We just had a new team member, Jay Roberts from the UK, make 2 Platinums in one night!

My very firm belief is that in the next 24 months, there will not be a single screen of space in the online home business industry that does not link back to an affiliate promoting GRN.

I also believe that in the next 36 months, there will not be a major city in the US that doesn't have regular GRN meetups and hobnob parties...where more and more people catch the vision of lifestyle freedom and travel through our unique opportunity.

(I'll have some exciting news to share with you about that in coming emails...so buckle up)...

So, my question for you is this:

Wouldn't it be nice to be poised IN FRONT of the waves of new people who will continue to pour into GRN in the coming months and years?

Wouldn't it be nice to sponsor just a couple people who end up being raving fans, and top producers? In my own GRN business, I've sponsored several people who have went on to send up over \$50,000 in passive \$1K commission sales.

Wow, talk about pennies from heaven.

Imagine how it will feel when you check your email and see "Commission Earned" from GRN? And then you realize it's A-N-O-T-H-E-R pass up sale from a productive teammate?

It happens EVERY day for people in GRN. Remember our teammate Jay Roberts from the UK, who made those 2 Platinums in one night?

Well, his sponsor is my friend Daegan Smith. And guess what? Daegan made \$2K doing absolutely nothing. That's the beauty of our payplan.

And it's YOUR payplan too!

When I understood how it worked. I said to myself, "Now, this is going to be the vehicle that makes me a million bucks! It's only 1000 total sales, and I'll show my teammates how to make MOST of them without me."

That's called LEVERAGE.

So, let's get to an important subject:

What if you could 'stack the deck' so you can succeed in a major way with GRN? What if you could get 100% emotionally and psychologically 'in the game' so you feel unstoppable with your biz?

The ONLY way I know to get really emotionally firm and intelligently connected to GRN is by becoming a faithful attendee of our LIVE in-person events.

Our next one in San Francisco is going to launch people's GRN biz into the sky. It's going to educate, entertain, and connect you to top leaders.

It's going to be a riot of a good time too. And I believe many people are going to point back to this San Francisco event as a pivotal point in their GRN career.

If you haven't made a sale yet, you will after San Fran. If you only have a small team without any duplication, you will after San Fran. If you are feeling disconnected and alone in your GRN biz, you WILL NEVER feel that again after San Fran.

Why? Because you are connecting to the committed people who will carry the torch (and collect the profits) as GRN grows into a household name in the coming years.

Imagine how it will feel to NEVER have to work for someone again. See it in your mind's eye: how great will it feel to travel the world on a whim while your team and income continue to grow.

All this can become reality for you. Actually, just a couple weeks ago, we took my oldest two kids (Isaac who's 6, and Gracie who's 5) hiking through the jungles of Hawaii. And guess what?

My income never even took a hiccup.

Here's a 90-second video from our Hawaii trip in case you missed it:

But now, let's get back to San Francisco. Space is filling up fast. The wine tour and bike tour are almost totally sold out. And you absolutely deserve to be at this event.

So let's do this. Take a few minutes right now, and do these 3 step-by-step actions:

#1- If you want to start making way more \$1K commissions, just internally commit that you are now about to get deadly serious about getting your GRN breakthrough.

#2- Go to the San Francisco website, and eagerly review EVERY word of the content. Imagine yourself having fun and connecting with other GRN leaders.

#3- Purchase your San Fran ticket TODAY.

#4- Once you do those things, you will be setting in motion a momentum that will cause you to attract more ideas and breakthroughs for your GRN biz.

Let's get busy. Go to the San Fran site right now:
